Month

## Welcome Student Intern

Zaynah Eldarwiche ~ I am a senior at Franklin High School and am part of the John Stanford Public Service Academy (PSA). Currently I am working as an intern at the South Park Community Center. I am working here as a computer lab assistant while furthering my studies in Web design. I was able to get this internship through the PSA, which was in coordination with the community center. After I graduate from high school, I plan to go to a four-year college and major in Web and Graphic design. Thanks to the PSA and South Park Community Center, I have taken one step further in reaching my goals.

## Kids Place & Mexican Camp Youth

add computers to their summer program. The youth in the Mexican Camp will be on the computers daily in the mornings. Campers utilize the list of Mexican cultural sites listed in the Web Browser. Kids Place youth surf the Internet and create graphic websites about themselves and their camp experiences.

## Welcome New Technology Advisory Committee Volunteers

Thank you to **Roberta Lindeman**, Teacher at Sealth High School, **Alma Cervantes**, Senior next year at Sealth; **Charlene Lewis**, Recent West Seattle Intern and 1 year college student in the fall; **Stephanie Delaney**, PHD candidate in distance learning new open lab volunteer Wednesday evenings and **Jim Spaid**, open lab monitor Saturday afternoons. Interested in technology? Join the South Park Computer Lab Advisory Board. We are looking for 2 new members. Teens welcome to apply, no experience necessary **only** commitment. If you are interested in meeting monthly (time to be set this month) in order to advise the Computer lab please leave a message for Ellen at (206) 762-7451.

## Lab email address changes

SO? The server that receives the mail for the lab is now at comcast.net not attbi.com. ATTBI.COM will forward mail for the next 6 months.
